

Topic: Presentation - Is the Performance or Quality of the Outsourced Service on a Par with the Expected Standards of Management and Consumers

- Whether the Legal Services Act raises the spectrum of possible external investment by LPO companies into UK law firms. Could this ever happen in the US?
- GC's apprehensions when taking an offshoring decision; what prevents GC from taking into consideration medium-sized LPOs
- The new "Normal" for law firms and corporations - What this means for legal services providers. Rethinking how legal work is undertaken and unbundling of legal processes; Rebalancing legal department skills; Redistribution of the legal services provider portfolio
- What Offshore Document Review Operations should know about US e-Discovery and European Union Data Protection
